JOB PROFILE

Experienced Machine Operator with a proven track record of 3 years in efficiently operating and maintaining industrial machinery. Proficient in ensuring precision, quality, and adherence to safety standards. Additionally, bring 1 year of hands-on experience as an Electronics Technician, demonstrating technical proficiency in troubleshooting and repairs. Eager to contribute my skills and diverse technical background to ensure the seamless operation of machinery in a dynamic work environment.

WORK EXPERIENCE

MACHINE OPERATOR

Quality Food products Pvt Itd | Panavally, Kerala From 14th April 2021 to 31st December 2023

- Operate and monitor machinery for efficient production processes.
- Perform routine maintenance to ensure equipment functionality.
- Adhere to safety protocols to create a secure working environment.
- Troubleshoot and resolve machine malfunctions to minimize downtime.
- Contributed to a 12% improvement in overall production output.
- Coordinate with the maintenance team for timely repairs and adjustments.
- Maintain accurate production records for quality control purposes.
- Achieved a 15% increase in machine efficiency through optimization.
- Follow standard operating procedures to ensure product consistency.
- Collaborate with team members to achieve production targets.
- Conduct regular inspections to identify potential issues early.
- Continuously improve machine operations through feedback and suggestions.

SKILLS

- Electrical Systems Design
- · Mechanical Systems Engineering
- Project Management
- PLC Programming
- Control Systems Integration
- Circuit Analysis
- Energy Management
- Electrical Safety Standards
- Mechanical Design and Drafting
- Technical Troubleshooting
- Equipment Installation and Maintenance
- Robotics and Automation
- Instrumentation and Control
- Renewable Energy Technologies
- Regulatory Compliance
- System Optimization
- Technical Documentation
- Health, Safety, and Environmental Compliance
- Budgeting and Cost Estimation
- Risk Assessment
- Data Analysis for Performance
 Improvement
- Collaboration with Multidisciplinary
 Teams
- Adaptability to Emerging Technologies

() **ELECTRONICS TECHNICIAN**

SFO Technologies, | Kakkanad, Kerala From 12th March 2018 to 12th March 2019

- Troubleshoot and repair electronic circuits to component level.
- Install and maintain electronic systems for optimal performance.
- Collaborate with engineering teams to develop and test new electronic devices.
- Conduct preventive maintenance on electronic equipment to ensure longevity.
- Increased efficiency by 15% through the optimization of electronic systems.
- Calibrate and test electronic instruments for accuracy.
- Read and interpret technical schematics for effective troubleshooting.
- Assist in the design and implementation of electronic systems and prototypes.
- Stay updated on emerging technologies in the electronics field.
- Achieved a 20% reduction in equipment downtime through efficient maintenance.

I hereby declare that the above mentioned statement is correct and true to the best of my knowledge and belief.
