## OBJECTIVE

Here I am ready to find a place in my profession, any industry. Repair phones, cleaner housekeeping and house, villas, Offline and online sales

## EXPERIENCE

09/12/2009 - 20/02/2012

### Cellular operator MTS-TURKMENISTAN

Operator and salesman

MTS-TURKMENISTAN is a well-known Russian company in cellular networks. It opened its first offices in Turkmenistan in 2005. Initially it will be a subsidiary of the American company BCTI. Further it was the only cellular network operator. I in this company started my first working career. In 2009 I started in this company as an operator and seller of cell phone products: sim card, top up, phones, and accessories. Until the end of his contract I worked in this sector. Actively attend seminars, exams and other activities.

11/04/2012 - 20/09/2012

### Construction company "Jykyr"

Computer operator

Construction company "Jykyr" specialized for construction works : objects, repair and construction of apartments and villas, repair of finishing. I in this firm initial start as a computer technician. Monthly worksheet, without signatures write and print work orders, write orders supervisors and my other basic work. Great team, good supervisors, clean and neat office- I work in such an environment

20/09/2012 - 31/03/2013

### Construction company "Jykyr"

Warehouse manager

Then my position grew to the head of the warehouse. Daily expenses and outcomes of the warehouse, tools and necessary special clothes, after the end of the working day, reports. And every month I report the monthly report to the supervisor, chief accountant and supply manager. Great team, good managers, clean and tidy warehouse - I work in such conditions

01/04/2013 - 19/05/2014

### Construction company "Jykyr"

HR manager

Last in this firm I was a specialist in the human resources department. My experience in the personnel sector has also grown. For new workers I give advice on how to work, what is impossible, what is possible - I give my advice to young workers. I respectfully every time talk workers. after the end of the work day, reports. Great team, good managers, clean and tidy warehouse - I work in such conditions

17/07/2014 - 04/12/2023

### Own business

Repair and service phones, tablets and computers  
Technology and computer system are pretty much my hobbies. When I work in MTS-TURKMENISTAN I developed a "love" for technology. After the construction company I start working in the private sector - repair and maintenance of phones, tablets and computers. I have been working in the repair of

phones for almost 8 years. Different models, replacement parts, replacement of different sockets (display, charging, chips) accessories and other - my main work. At the same time, I actively study the Internet sphere, different sites, a little online codes, and others.

## EDUCATION

2009-2012

**Special technical lyseum**

Accounting and computer equipment operator  
1 course
