Kenya Certificate of Primary Education, 250/500 marks

WORK EXPERIENCE

Over 10 years of diverse agricultural experience across multiple farms and regions

Crop Management:

Extensive experience in planting, cultivating, and harvesting a variety of crops, ensuring optimal growth and high-quality yield. Proficient in soil preparation, fertilization, pest control, and irrigation techniques.

Livestock Care:

Skilled in the care and management of different types of livestock, including feeding, grooming, health monitoring, and administering medications. Experienced in maintaining clean and safe living conditions for animals.

Farm Maintenance:

Performed a wide range of maintenance tasks, including fencing, building repairs, and general upkeep of farm infrastructure. Adaptable in handling both routine and emergency maintenance tasks efficiently.

Team Collaboration: Worked effectively as part of a team, coordinating with other farm workers and supervisors to achieve common goals. Demonstrated leadership skills by training and supervising new or seasonal workers.

Adaptability:

Gained valuable experience in adapting to different farming environments and practices, including organic farming, sustainable agriculture, and conventional farming methods. Quick to learn and implement new techniques and technologies.

Health & Safety

Adhered to strict health and safety protocols to ensure a safe working environment for all farm personnel. Familiar with the safe handling and storage of chemicals and farm equipment.

Record Keeping:

Maintained accurate records of crop yields, livestock health, equipment maintenance, and other essential farm activities. Utilized data to make informed decisions and improve farm operations.

Market Preparation:

Assisted in the preparation and packaging of farm produce for markets, ensuring products met quality standards. Engaged with customers and supported sales efforts during market days.

Problem-Solving:

Developed strong problem-solving skills by addressing various challenges encountered on the farm, from unexpected weather conditions to equipment malfunctions.

ACHIEVEMENTS

" Over the past decade, I have contributed to various farms by increasing crop yields, completing harvesting tasks ahead of schedule. I have improved livestock health with better feeding regimens and implemented sustainable practices like composting to enhance soil fertility. My commitment to safety has resulted in a perfect safety record with zero accidents. Additionally, I have trained and mentored new workers, boosting team productivity, and contributed to market preparations, increasing direct sales revenue

REFEREES
