

AJITHKUMAR.C

AZURE CLOUD ADMINISTRATOR

Mob: 050 293 8768

Email: ajithpillanic@gmail.com

## CERTIFICATION

- AZ-104 Azure Administrator

## SKILLSET

### CLOUD PLATFORM

- Microsoft Azure
- Azure Active Directory
- Azure Storage
- Azure Backup
- Azure Monitoring
- DHCP
- Virtual Network
- Virtual Machines
- Azure policy
- Azure AD connect
- Azure NSG
- Azure Policy
- Windows Server
- Application Gateway
- DNS

## CAREER OBJECTIVE

I look forward to devote my skills and knowledge for the fulfillment of the goals, vision and success of the institution. I aim to pursue a career predominantly in the field where I can use my relevant experience and academic background while providing myself wider exposure and an opportunity to learn.

## ACADEMIC PROJECTS

### Developed a secured question paper distribution System to deter impersonators

#### Project Description:

Traditional automatic personal identification technologies to verify the identity of a person which using by a personal identification number or identification card.

These are no longer considered reliable enough to satisfy the security requirement of any system especially examination Centre. Whole of the techniques suffer from a common problem of inability to differentiate between authorized person and an impersonator who fraudulently acquires the access privilege of authorized person. This project describes a method of giving a secured question paper distribution system to deter impersonator. The question paper are kept in a box which can be only taken by registered students.

The student's details are first registered for the examination using data management system fingerprint of each student is stored in the server at the time of exam registration. At the time of examination when the student tries access the system, system will ask for fingerprint verification. When the student enters his fingerprint the comparison of entered fingerprint with stored fingerprint is done. If both are matched the system will unlock the box and question paper comes out of the box. Entry unauthorized persons to examination hall can be thus prevented.

## ACADEMIC ACTIVITIES

### Member of Electronics and Communication Engineering Association

The Association provides a platform innovative programs and services for the technological research in the university. The students will be strategically positioned to lead, influence, and contribute to their communities locally, nationally, and globally for the improvement of the human condition.

### Member of Environmental Club

The purpose of the club is to create awareness of environmental issues, such as protection, conservation, preservation, and restoration, with an emphasis on educating and empowering students.

## LANGUAGES KNOWN

- English
- Hindi
- Malayalam

## PERSONAL DETAILS

DOB : 14 Sep 1995  
Gender : Male  
Nationality : Indian  
Marital Status : Unmarried

## Address for Communication

Flat 1102, Hajji Building  
Near City Center  
Super Market - Abu Shagara  
Sharjah

## COURSES

COURSE	YEAR
Computer Networking and Hardware Microsoft Azure -104	2018-2019

## EXPERIENCE SUMMARY

### 2020 - 2023

#### CLOUD ADMINISTRATOR (Magma Communications)

*Kinfra Industrial Park - Calicut, Kerala - India*

- Monitoring resources and log analytics.
- Managing day-to-day activity of the cloud environment.
- Monitoring and maintaining the cloud to ensure that everything is working efficiently
- Creating and managing network security groups for virtual machines and virtual networks for security purposes.
- Configuration and troubleshooting of VPN connection as site-to site and point to site
- Configuring virtual machines, storage accounts, and resource groups.
- Providing Solutions to L1 level incidents / Change Requests/ Problem tickets logged by Client.
- Providing end-user training and support for their day-to-day activities
- Maintenance of a multiuser computing environment
- Implementing the cost-effective cloud-based systems
- Securing Data against unauthorized access
- Monitoring and maintaining backups and recovery operations/services
- Configuring virtual machines,storage accounts & resource groups.
- Understanding of IP address, Subnets & CIDR notation.

## EDUCATION

COURSE	INSTITUTE	YEAR OF PASSING
BTech Electronics and Communication Engineering	AWH College of Engineering and Technology	2017
Higher Secondary School	MVHSS Ariyallur, Kerala - India	2013

I hereby declare that the above particulars given are true and faith to the best of my knowledge and belief.
