PROFESSIONAL EXPERIENCE

Wingbox Aviation Inc.

September 2023 - March 2024

Trainee, Cebu Pacific EFM Support Team

- Enhanced Document Management: Organized and sorted technical records, including work packages, aircraft technical logs (ATL), and cabin maintenance logs (CML), improving retrieval efficiency.
- Optimized Data Integration: Verified and linked work packages to Flydocs in the Maintenance Control Center (MCC), ensuring 100% data accuracy and compliance.
- Improved Component Monitoring: Conducted thorough reviews of hard time (HT) components and on-condition and condition monitoring (OCCM) items, identifying and resolving discrepancies to enhance the reliability of the redelivery process.
- Facilitated Aircraft Redelivery: Led comprehensive reviews of aircraft maintenance logs (AML) for component changes, focusing on ATR's AML over a three-year period, ensuring all redelivery conditions were met.

Innovative Aviation Training Services

June 2021 – July 2021

Aeronautical Engineer Intern

- Gained a comprehensive understanding of aerospace engineering, with a focus on safety management, aircraft familiarization (A320 & B777), research, and rocket design.
- Delved into aircraft weight and balance applications and immersed myself in the intricacies of rocket propulsion.

EDUCATION

World Citi Colleges (WCC) Aeronautical and Technological College

May 2022

Bachelor of Science in Aeronautical Engineering

Graduated with Awards, Dean's Lister (past 7 semesters), Academic Achievement, GWA: 1.48

Relevant Coursework: Human Factors and Aviation Safety, Civil Air Laws and Regulation, Material Science and Engineering/CAD Design

SKILLS

CAD Software:

- SolidWorks (Intermediate)
- AutoCAD (Advanced)

Software & Tools:

- Adobe Photoshop (Intermediate)
- Microsoft Office: Word, Excel, PowerPoint, OneNote (Advanced)
- AMOS (Starter)
- Flydocs (Starter)

Design & Engineering:

- Design Thinking
- Critical Thinking
- Weight and Balance

Languages:

- English: Fluent (EF SET Score: 68/100, C1 Advanced)
- Filipino: Fluent
- Arabic: Beginner
- Japanese: Hiragana, Semi-fluent

Management:

- Inventory Management
- Time Management
- Planning and Organization

Administrative or Office

Support:

- Photocopying
- Collating
- Scanning
- Binding

OTHER

Certifications: Inventory Management (Great Learning 2024), Technical Records Course (IALTA-2024), Canopy Production Planning and Control Course (2023), GE Aerospace Explore Engineering Virtual Experience Program (2023), Certified Airbus 320 General Familiarization

(2021), Certified Boeing 777 GE90 Online Familiarization (2021), Certified Fuel Tank Safety (2021)

Professional Development: Wingbox Aviation Inc. Webinar "First Step" (2021), Professional License (2023)

Affiliation: Society of Aerospace Engineers of the Philippines (SAEP, member since 2023)
