A Cashier's primary role is to assist customers in the in-store check-out process. Main cashier duties and responsibilities include ringing up sales, bagging items, requesting price checks, honoring coupons, collecting payment, and giving appropriate change. Responsible for counting the contents of the register drawer at the end of each shift and maintaining receipts, records, and withdrawals. May be responsible for checking materials and supplies and reporting when stock is low.

#### INTERACTIVE DIGITS

Finance department

Jan 2022 - Aug 2023

Dubai - UAE

Cashier responsibilities include receiving payments and issuing receipts, gift-wrapping packages and keeping track of all cash and credit transactions. To be successful in this role, you should have previous experience in a customer service position and good knowledge of how cash registers operate. You should also be available to take evening and weekend shifts occasionally.

#### Amazon / Flipkart

Inventory Controller

Jul 2029 - Oct 2021

BENGALURU - INDIA

Stock checks are perhaps one of the oldest forms of stock control but are still essential. Stock checks, or stocktaking, is the process of physically counting how many of each product you have in your inventory to see if this matches up with your records. Basically, stock control is the process of keeping track of how much product you have, and where your inventory has gone.
