## **Work Experience**

### **Heavy Truck Driver**

**BTS Transport**, Amritsar, India

2016 – 2017

- Operated Tata manual truck with trailer to transport electric poles and cement bags.
- Planned and executed efficient delivery routes to meet tight deadlines and avoid delays.
- Ensured secure loading and unloading of materials to prevent damage during transit.
- Conducted daily pre-trip inspections and routine maintenance checks to ensure vehicle safety and performance.
- Coordinated with factory and construction site managers to verify delivery schedules and resolve any issues.

### **Heavy Truck Driver**

**Al Antali Gen Transport**, Al Dibba, United Arab Emirates

February 2018 – August 2018

- Drove Volvo manual truck with tanker for transporting cement from the factory to ready-mix concrete plants.
- Managed cargo loading and unloading operations, ensuring that all safety and operational procedures were followed.
- Maintained accurate delivery records and documentation for compliance and reporting purposes.
- Conducted thorough vehicle inspections before each trip, addressing any maintenance or safety concerns promptly.
- Liaised with plant staff to confirm delivery requirements and handle any discrepancies.

### **Heavy Truck Driver**

**Al Awasif Transport**, Sitra, Bahrain

September 2018 – May 2019

- Operated Volvo trucks (manual and automatic) for container transport between Khalifa Bin Salman Port and warehouses.
- Managed the efficient loading and unloading of containers, ensuring all cargo was secure and undamaged.
- Performed pre-trip and post-trip inspections, ensuring vehicles met safety standards and were in optimal working condition.
- Coordinated with port officials and warehouse managers to streamline container transfers and maintain delivery schedules.
- Utilized GPS navigation and tracking systems to optimize routes and enhance delivery efficiency.

## Heavy Duty Driver

Jams HR Solutions FZE-JAFZA, Dubai, United Arab Emirates

January 2021 – Present

- Operate Volvo trucks (manual and automatic) to transport containers within Khalifa Port and between the port and warehouses.
  - Conducted comprehensive vehicle inspections and performed minor maintenance tasks to ensure vehicle readiness.
  - Managed logistics for container movements, including scheduling, route planning, and coordination with port and warehouse personnel.
  - Ensured compliance with international and local driving regulations, maintaining high safety standards at all times.
  - Utilized GPS and tracking systems to monitor cargo status, optimize routes, and provide real-time updates to management.
-
