PROFESSIONAL EXPERIENCE

Limousine Driver

January 2023 - Present

Dubai, UAE

- Safely transporting clients across Dubai, ensuring punctuality and comfort during each trip.
- Driving high-end vehicles, including Lexus, and managing rides through Careem and other ride-hailing apps.
- Delivering exceptional customer service, catering to client preferences, and maintaining professional conduct.
- Familiar with the operation of luxury vehicles and ensuring their optimal performance at all times.
- Consistently maintaining vehicle cleanliness and conducting pre-trip and post-trip inspections to ensure safety and compliance.
- Navigating Dubai's complex road network with precision and ensuring adherence to traffic regulations.
- Using GPS and navigation systems to find the most efficient routes, avoiding traffic and delays to provide a smooth ride.

Tech Installer + Driver

September 2017 – 2023

Huawei Ericsson Etisalat 713H

Project, Dubai

- Safely transporting telecom equipment, tools, and personnel to various work sites across the UAE.
- Driving light vehicles and commercial vehicles to remote and urban telecom sites, ensuring timely delivery of critical project materials.
- Coordinating with project teams to manage logistics for equipment transportation, ensuring no delays in the installation schedule.
- Maintaining all vehicles used for the project, conducting routine checks and reporting any issues to the fleet management team.
- Ensuring compliance with road safety regulations while driving over extended distances to various installation sites.
- Assisted in transporting technical team members to elevated sites and difficult-to-reach areas, ensuring safe navigation and transportation.
- Drove service vehicles equipped with telecom equipment, facilitating quick access to tools for troubleshooting and repairs on site.
- Ensured that the vehicle fleet used for telecom projects was kept in top condition, performing minor repairs and coordinating major services when required.

Technician Team Leader

2007 – August 2017

Al Babtain LeBlanc Emirates Telecommunication

Systems L.L.C, UAE

- Led installation teams for telecom equipment, including Ericsson Huawei BTS.
- Performed troubleshooting and technical analysis for network systems.
- Managed site preparations and equipment installations for various projects.
- Conducted comprehensive site audits, including tower and antenna height verification, ensuring accurate implementation of telecom standards.
- Supervised the installation and alignment of microwave antennas, optimizing signal strength and ensuring stable network performance.
