Objective

The employee delivers extraordinary accomplishments in their role as measured by results, consistent work quality, quantity and timeliness in all areas of responsibility.

Kitchen maintains abroad

Senior Manager

Sheikh metabak

Mar 2015- Present

√ Maintaining a clean kitchen is essential for the health and safety of everyone who lives in or visits your home. A clean kitchen ensures your family's meals are safe and free from contamination. The kitchen is a central hub in the house, where food is stored, prepared, and cooked. A dirty kitchen can cause health problems such as food poisoning, allergic reactions, and respiratory issues.

Web developer

Alvaro solutions calicut

Apr 2009 - Feb 2010

√ Web development refers to the creating, building, and maintaining of websites. It includes aspects such as web design, web publishing, web programming, and database management. It is the creation of an application that works over the internet i.e. websites
