Projects

Impact of dollar exchange rate on international trade with the reference to Indian economy

This study empirically examines the impact of India's export and import on exchange rate using time series data for the period from 2001 to 2020. All sample 184 countries are extracted from the database of DIRECTORATE GENERAL OF FOREIGN TRADE. Single factor ANOVA and Correlations are used for the calculations of the Exchange rate on Export trade, Import trade, Total trade, and Trade balance.
