PROJECTS

A study on Organizational Citizenship Behavior among IT employees in Coimbatore district

03/2024 - 07/2024 Coimbatore

This study highlights the importance of OCB in creating a productive and harmonious work environment within the IT sector in Coimbatore, with implications for HR practices and organizational development.

- Conducted in-depth research on **Organizational Citizenship Behavior (OCB)** in the IT sector, analyzing factors influencing employee commitment and engagement.
- Designed and executed surveys and interviews to gather qualitative and quantitative data, leading to actionable insights on employee behavior and organizational culture.nt and work engagement.
- Analyzed the relationship between **OCB** and variables such as job satisfaction, leadership style, and work environment, providing recommendations for enhancing employee morale and performance.
- Utilized statistical tools and software (e.g., SPSS, Excel) to analyze survey data and identify key trends and correlations in OCB practices.

SUMMARY

As a recent MBA graduate, I have gained a comprehensive understanding of business management principles, including in-depth knowledge of Human Resources, Marketing, and Operations. During my internships, I was able to collaborate with diverse teams across different business functions, providing me with a broad perspective on how various departments work together to drive organizational success. In addition to these skills, I am highly adaptable and eager to learn new tools and technologies that can contribute to business growth. I have a passion for continuous learning and am always seeking opportunities to expand my skill set. I am confident that my experience, enthusiasm, and commitment to excellence will allow me to make valuable contributions to your team and help drive business success.
