PROFESSIONAL SUMMARY

Dynamic and detail-driven Inventory Management Professional with over 3 years of hands-on experience optimizing stock control, reducing shrinkage and enhancing warehouse efficiency across GCC and Indian markets. Expert in managing high-volume inventories, executing precise audits and streamlining ERP-driven processes. Known for delivering operational excellence, eliminating stock discrepancies and implementing inventory systems that improve bottom-line results. A strategic asset to any organization that values control, accuracy and speed in supply chain operations.

CORE SKILLS

• Inventory Planning & Optimization	• SKU Analysis & Bin Management
• ERP Systems (POS, WMS, Tally)	• Warehouse Operations & Safety
• Stock Reconciliation & Cycle Counting	• Process Improvement & Lean Inventory
• Inventory Audits & Shrinkage Control	• Data-Driven Decision-Making
• Demand Forecasting & Reordering	• Multi-location Inventory Coordination

PROFESSIONAL EXPERIENCE

Inventory Supervisor

KnowVal Edutainment LLP – Bangalore, India | Jan 2024 – Feb 2025

- Collaborated with warehouse teams to reconcile stock-related billing issues and streamline supply chain reporting.
- Provided support on ERP inventory modules by validating stock and sales data for cross-departmental reports.

Inventory Controller / Stock Supervisor

Nujoom Al Sader LLC – Muscat, Oman | Jan 2022 – Nov 2023

- Directed daily inventory operations across multi-SKU environments, improving stock accuracy by 35%.
- Executed systematic stock audits and cycle counts, eliminating discrepancies and aligning ERP records with physical stock.
- Streamlined reordering thresholds using demand analysis, cutting high-demand stockouts by 20%.
- Led clearance initiatives for obsolete and expired items, reducing inventory holding costs.
- Created actionable inventory dashboards and reports, influencing purchasing and supply chain strategies.

Storekeeper / Warehouse Assistant

Nujoom Al Sader LLC – Muscat, Oman | Aug 2021 – Dec 2021

- Managed inbound inventory flow with 100% accuracy in GRNs and product inspections.
- Maintained real-time digital inventory records and physical bin card systems.
- Orchestrated warehouse layouts to optimize picking speed and storage capacity.
- Supported internal and external stock audits with zero variances reported.
