ABOUT ME

Seasoned Supply Chain Manager with over 4 years of industry experience in logistics, procurement, inventory management, demand forecasting, merchandising and product control.

As a merchandiser, I had sole responsibility to ensure that shelves of the retail stores are stocked with products and displays accordingly for customers, monitoring inventory, organising staff work schedules, providing store performance reports and equally the receipt, storage and distribution of equipment and supplies, thereby supporting efficient business operations. Proven track record for achieving company goals by optimising all store related operations driving down unit costs following all slated SOP. Outstanding success for achieving raw material inventory reduction through streamlining of logistics processes to ensure more consistent delivery times for Just-In-Time planning.
