Career Goals

Short Term Goal

To complete all my ACCA examinations as well as my Practical Experience Requirements (PER) so that I can gain ACCA membership. As a person trying to migrate to Canada, I would also like to take advantage of the support offered by most firms and work on my CPA so I can be fully recognized as an Accountant in Canada.

Long Term Goal

To become a Chartered Certified Accountant and learn as much as I can from my experience so I am able to support and help other children in Zimbabwe that may have the same dream.
