To work in a multinational environment for a different role leads to increase responsibility and career advancement for personal growth, my strongest asset is my motivation to drive any target and a friendly attitude to adapt to almost any milieu.

An articulate, presentable individual who can thrive in any fast paced and target based work environment. Possessing the ability and confidence to contribute to the smooth running of a company and possessing the 'can do' attitude required to be able to get things done. I can communicate well with the customers and demonstrates a helpful attitude at all times in business. I am polite and professional with excellent customer services skills, and is experienced at having appropriate till Point Conversations with every customer to increase the average transaction value. I have a flexible and positive approach to everything I do and am able to work effectively on my own and as part of a team. I have currently applied for the designation of a '**Posted Vacancy**' where I can explore my experience for this job role.
