OBJECTIVE

I seek to advance into a highly challenging environment where my potentials would be stretched beyond mere daily routines and learn more to actively engage my skills, experiences and administrative competences in the performance of my duty.

EXPERIENCE

Adnoc Drilling Compan

Floorman

4 November 2010 - 25 July 2020

General responsibility on the rig whose duties work in support of drilling operations as directed by the Driller

Main Duties

- ❖ Understand the requirements of the Company Management System (to include policies, procedures, and expectations) and perform duties in accordance with them.
- ❖ Propose recommendations for improvements to the Company Management System or practices.
- ❖ Understand that everyone has the responsibility, authority, and obligation to interrupt an operation if a condition or behavior is observed which could cause harm to people, assets or the environment and act on understanding as required. (Stop work authority)
- ❖ Identify hazards in the workplace and report them to the Driller.
- ❖ Participate in pre-tour and pre-task meetings.
- ❖ Work under the direction of the Driller and/or Rig Manager.
- ❖ Perform maintenance and repairs on rig equipment as directed by the driller.
- ❖ Work on the rig floor during tripping operations as directed by the driller.
- ❖ Operate pipe handling equipment at the drilling location.

- ❖ Maintain good housekeeping at the drilling location, including rig components, offices, and accommodations.
- ❖ Report incidents, equipment failures, system failures and abnormalities as per Company procedures.
- ❖ Train and mentor new Floormen as they are assigned to the rig.
