

ABOUT ME

As a seasoned Computer Operator with a robust tenure at Exeeco Technologies in Hyderabad, I bring a wealth of expertise to the table. My proficiency with the Microsoft Office Suite is a testament to my ability to navigate and utilize software to enhance productivity. I am adept at managing a multitude of office tasks with efficiency and effectiveness, ensuring that every detail is handled with precision. I am currently on the lookout for opportunities where I can deploy my skills and contribute to a dynamic work environment, adding value with every task I undertake.

WORK EXPERIENCE

**POLARIS
TECHNOLOGY**
Dubai
Oct 2022 - Jan 2023

Implementation Engineer

As an Implementation Engineer at Polaris Technology, I approached each client's software integration needs with flexibility and adaptability. This meant understanding their unique requirements, crafting tailored implementation plans, and providing customized support and training post-implementation. By being versatile and responsive, I ensured our solutions fit seamlessly into each client's environment, ultimately contributing to their success and our company's growth.

**OXEECO
TECHNOLOGIES
PVT.LTD.**
Hyderabad
Mar 2023 - Jan 2024

Computer Operator

- Expertly managed daily office operations as a Computer Operator at Exeeco Technologies, Hyderabad, with a focus on Microsoft Office suite proficiency.
- Specialized in Data Analytics, employing advanced tools and techniques to derive actionable insights from complex datasets.
- Enhanced operational efficiency and productivity by leveraging technical acumen and meticulous attention to detail.
- Boosted productivity & efficiency

EDUCATION

**INTEGRAL
UNIVERSITY**
Lucknow
2020

Bachelor

Bachelor of Computer Application (BCA) from Integral University. Actively participated in organizing and conducting a Battlegrounds Mobile India (BGMI) tournament as part of extracurricular activities. Graduated with a strong foundation in computer science and practical experience in event management.
