Objective

A committed, flexible and determined food technologist with a comprehensive background and proven track record of achievements. Demonstrates a strong understanding of food chemistry, analysis, safety and quality thereby promoting continuous improvement initiatives. Looking forward to a career breakthrough that will append my knowledge and skills so that I contribute effectively towards the growth of the organisation.

Experience

Food Tech Research and Incubation Centre (FTRIC), Calicut

13/06/2022 - 28/04/2023

Campus Ambassador

- Worked as an advocate for the food technology & food processing industry by sharing the benefits of the food analysis, nutritional labelling and quality control.
- Wider understanding of new product development(NPD) and food industry management(FIM) along with value improvement projects.
- Knowledge regarding shelf life protocols, product specification and consistent assessments.

KR Bakes

03/09/2022 - 17/09/2022

Quality Assurance Intern

- Assisted with the implementation of a food safety plan, conducted sensory evaluations on product samples, and environmental monitoring of the production facility.
- Effectively indulged in various departments, product processing and handling of machinery along with the working of Effluent Treatment Plan (ETP)
- Thorough understanding of the various food safety policies in practice such as GMP, SSOP, HACCP and ISO 22000.

Licenses & Certifications
