## Profile

### LOGISTIC AND SUPPLY CHAIN PROFESSIONAL

**Experienced supply chain and logistics professional with over 9 years in inventory management, procurement, and logistics operations. Skilled in SAP ERP, Master Data Management (MDM), and Microsoft Dynamics NAV to streamline processes and optimize inventory.** Adept at supplier evaluation, contract negotiation, and process improvement. Seeking a role in inventory management, logistics, or procurement to drive operational efficiency, improve supply chain strategies, and contribute to business growth.

## Work Experience

2023 – 10/2024  
India

### **Assistant Logistics Manager | Nirapara**

- Managed shipment and distribution of goods, ensuring timely deliveries and inventory accuracy.
- Conducted inspections of goods and materials to uphold quality standards.
- Tracked shipments and maintained logistics communication with customers and third-party providers.
- Optimized logistics processes, reducing costs and improving operational efficiency.

2021 – 2023  
India

### **Field Procurement Executive | Elastic Run**

- Conducted supplier evaluations, risk assessments, and compliance checks to optimize procurement efficiency.
- Negotiated contracts and managed the procurement process to ensure timely delivery of products.
- Utilized data analysis to improve procurement decisions, ensuring ROI and cost-effectiveness.
- Streamlined procurement operations, including supplier selection, contract negotiation, and inventory management.

2019 – 2021  
Sharjah, Dubai

### **Inventory Executive | Nesto Hypermarket**

- Oversaw inventory tasks, including monthly and yearly stock checks, ensuring accuracy and efficiency.
- Resolved IDoc errors and generated inventory performance reports to maintain data integrity.
- Improved inventory accuracy and reduced stock discrepancies.

2017 – 2018  
India

### **Buyer | Fathima Group of Companies**

- Managed inventory, article creation, and SAP MM-based procurement activities to ensure stock availability.
- Negotiated supplier agreements and monitored deliveries to maintain accurate inventory levels.
- Analyzed sales reports to forecast demand and optimize inventory management.

2015 – 2017  
India

### **Procurement Executive | Future Group**

- Sourced new products based on market trends and customer demand, ensuring optimal stock levels.
- Negotiated pricing and managed supplier relationships to optimize costs and ensure timely deliveries.
