OBJECTIVE

I Want to be a successful engineer having sincerity, diligence, self-motivation and responsibility with a good personality-can solve problems and can adapt to critical situations and sharp decision making capability. At the same time learn new things surviving for company benefits and my benefits also.

EXPERIENCE

- **ASK GYPSUM FACTORY, YANBU ,SAUDI ARABIA** 2019 Dec - 2022 April
Machine operator
 - Ask cement board factory is large and leading manufacturer of cement boards .
 - I am experienced and operated on packing machine , autoclave clause, separation machine.
 - Work place keeping neat clean and sustainable environment with 5s & 3c
 - Parameter settings to run conveyer speed and packing well and right quantity
 - And trained safety guidelines and following rules with strictly
 - And fulfillment of production target .
 - And make correction of minor issues of operated machine.
 - And quickly learn any kind of difficulty machine operating.
 -
- **BRITANNIA BISCUIT FACTORY, BANGLORE** 2018 feb - 2019 oct
MACHINE OPERATOR
 - As a packing machine operator.
 - As a food company there i maintain hygienic methods strictly followed rules regulations
 - Maintain weight parameter
 - Foul package identify and remove from line
 - Nit & Cleaness always followed as a 5s 3c
 - Performing routine checks to ensure that the machine is in an operable state.
 - Completing all relevant documentation on the packing and maintenance of the packaging machines
- **Mando automotive india pvt Ltd** 2017 - 2018
Team leader
 - Keeping excellent relationship between Management, Engineer, Worker able to resolve daily basis any Production & Quality related problems / issues.
 - Production planning, Production Efficiency analysis, OEE monitoring and Major loss monitoring
 - Achieve production target.
 - Manpower planning & handling and training planning.
 - Different types of gauges and measuring instruments inspection & handling
 - Shop floor management by housekeeping method 5S, 3C and Visual Management.
 - Process flow, Problem solving, Rejection control, Kaizen improvement, NPD Production, FMEA Implementation,
 - Solving small maintenance issues and improves working area.
 - Daily basis doing audit and NC point closing through counter measure.
 - Rejection handling and rejection analysis and preparing countermeasure report. MES System follows up (Production, Rejection, Loss monitoring through MES System and improvement).
- **Mando automotive india pvt Ltd** 2015 - 2017
Cnc machine operator
 - Roles & Responsibility:
 - Knowledge about mechanical instruments vernier calliper, micrometer, gauge.
 - Reading the blueprints parts drawing
 - Able to check run out by dial gauge.
 - A competent professional experience in production, inspection, documentation, 5s & 3c control, FMEA improvement. .
 - Basically know about NC, CNC (Lathe, bending) operating, settings, programming, troubleshooting and problem solving to avoid losses and to improve productivity.I have experienced
 - Cnc basic knowledge
 - Gd&t knowledge
 - Programming knowledge

- o Drawing reading
- o Job holdings Setting,
- o offset giving
- o Wear offset, geometric offset,
- o First setup and 2nd setup
- o Manual jaws cutting and insert selection
- o

QUALIFICATION

- **HOLY INSTITUTE OF TECHNOLOGY, BRAHMAPUR** 2013
Diploma in mechanical engineering
69%
- **JAYAPUR HIGH SCHOOL JAYAPUR** 2010
10th
53%

SKILLS

- Operational Excellence Skills: Pipe fitter coarse 5'S Visual Management Kaizen Cost Reduction SMED TPM CNC TURNING, PROGRAMING

DIGITAL SOFT KNOWLEDGE

- I have dia PGDCA coarse
MICROSOFT
WORDS
EXCEL
POWER POINT
AUTOCAD
