### WordPress Developer

As a skilled WordPress developer, I have successfully developed and launched numerous responsive websites tailored to meet client needs. I specialize in creating user-friendly, mobile-optimized designs that provide seamless functionality across all devices. My expertise includes theme customization, plugin integration, and ensuring high performance and security. I take pride in delivering websites that are both visually appealing and technically robust, with a focus on enhancing user experience and meeting business objectives.

### Receptionist and Manager

since 2018

We have a whole sale family business of food items here in Pakistan and i have been managing and selling our items including dealing with clients, managing accounts and respective things related to that.

### Call Agent

I have worked in a call center at age of 16 to coverup my all expenses. From that i experience i possess strong and Welcoming communicational skills.

we have a our family business of food items in Islamabad and i am the one who handle counter and sales that is why i also possess a strong client dealing and handling skills. i am a multitaled person because i am indulged in many different works since teenage.

last month i gave four interviews at different call centers and i get selected in each company at time because of my English proficiency and hard working behavior.
