PROFESSIONAL SUMMARY

Dedicated **Extruder Operator** with **8 years** of experience in efficiently operating and maintaining extrusion machinery to consistently produce high-quality products. Proven expertise in closely monitoring and controlling the extrusion process, conducting meticulous quality checks, and fostering effective collaboration with team members to achieve and exceed production goals. Adept at swiftly troubleshooting operational issues, executing routine maintenance tasks, and ensuring unwavering compliance with safety protocols. Demonstrated success in optimizing production efficiency and maintaining a steadfast commitment to upholding the highest standards of product quality.

SKILLS

- Extrusion Machinery Operation
- Quality Control
- Equipment Maintenance
- Problem Solving
- Record Keeping
- Maintenance Assistance
- Training and Development
- Operate Multiple Extrusion Lines
- Part Replacement
- Fit And Able To Lift Heavy Object.
- Safety Focused And Efficient.
- Basic Computer Knowledge

WORK HISTORY

Extruder Operator(UPVC Pipes) | Arrow Polymers *01/2017 - Present*

- Operate Multiple Simultaneously Extrusion Lines.
- Move And Store Completed Product. In Designated Areas.
- Positioned Material's Correctly To Reduce Waste And Cost.
- Operated and maintained extrusion machinery to produce high-quality products according to established specifications.
- Monitored and controlled the extrusion process, making adjustments as needed to ensure product quality and consistency.
- Conducted regular quality checks on extruded products to meet quality standards and identified and addressed deviations.
- Collaborated with team members to achieve production targets and resolve operational issues.
- Performed routine maintenance tasks on equipment to ensure optimal performance and minimize downtime.

- Adhered to safety protocols and guidelines to maintain a safe working environment.
- Kept detailed records of production activities, including machine settings, material usage, and output quantities.
- Participated in training programs to stay updated on new technologies and advancements in extrusion processes.

Assistant Extruder Operator | Arrow Polymers - Kerala, India

10/2015 - 12/2016

- Assisted in the setup and operation of extrusion machinery to produce high-quality products.
- Monitored equipment parameters and made adjustments as necessary to ensure proper extrusion processes.
- Collaborated with the lead operator and team members to meet production goals and quality standards.
- Conducted routine quality checks on the extruded products to ensure consistency and compliance with specifications.
- Contributed to troubleshooting efforts and participated in maintenance activities to keep equipment in optimal condition.
- Followed safety protocols and procedures to maintain a secure working environment.
- Kept accurate records of production activities, including material usage and output quantities.
- Participated in training programs to enhance knowledge of extrusion processes and equipment.

Plant Assistant/mixing | Arrow Polymers - Kerala, India

08/2014 - 10/2015

- Operated and maintained machinery for the mixing and processing of materials in accordance with safety protocols and production standards.
- Assisted in the preparation and assembly of raw materials for the manufacturing process.
- Monitored and adjusted equipment settings to ensure the accurate blending of materials.
- Conducted regular quality control checks to verify the consistency and quality of the final product.
- Collaborated with team members to streamline production processes and improve overall efficiency.
- Participated in routine maintenance tasks to ensure the proper functioning of equipment.
- Maintained a clean and organized work environment to meet hygiene and safety standards.

- Adapted to changing production demands and effectively communicated with team members and supervisors.
