STRENGTHS

Team work

During my previous work period we faced some software problems, the management decided to solve this problem immediately, then we had created the team and did the multiple tasks. Within a few months we had reached the steady operations.

Hardwork

my first job was marketing. That was a startup company at that time. Now today, that is the one of the reputed companies in kerala, because I have provided maximum marketing activities and increased the sales. that was little bit affected for the good will of the company.
