ABOUT ME

As a dynamic Warehouse Associate boasting over three years of experience at Ritver Manufacturing LLC, I am a 2014 HND graduate with proven expertise in inventory management and order fulfillment. My skill set extends to logistics, HACCP, and QMS, ensuring that I can handle complex supply chain challenges with ease. I am eager to leverage my top-notch organizational and teamwork abilities to contribute to the success of your team.

MANUFACTURING
LCC

Umm Al Quwain
Aug 2022 - Jun 2025

Warehouse Associate

- Managed inventory levels to maintain adequate stock and meet customer demands without excess
- Executed order fulfillment processes, including picking, packing, and shipping, to ensure timely delivery of correct items to customers
- Conducted quality control inspections to verify product integrity and adherence to quality standards before shipment or storage
- Implemented HACCP protocols to monitor critical points and maintain product safety within the warehouse
- Enforced safety guidelines to minimize accidents and injuries in the warehouse environment
- Coordinated logistics to enhance shipping and receiving efficiencies, liaising with shipping companies for delivery and pickup scheduling
- Collaborated with team members to complete warehouse tasks efficiently and within deadlines
- Resolved operational problems, such as inventory discrepancies or equipment malfunctions, through effective problem-solving skills
- Maintained precise records of inventory, shipments, and transactions to comply with company policies and regulatory standards
- Trained warehouse staff on operational responsibilities and safety procedures to ensure a well-informed workforce
- Utilized warehouse management systems, including SAP Hana, to efficiently track goods throughout the warehouse operations
