# CURRICULUM VITAE

## PROFESSIONAL SUMMARY

Dedicated Computer Science graduate with a growing interest in technology and a basic understanding of programming concepts. Seeking opportunities to build practical skills and challenging position in the tech field.

## EDUCATIONAL QUALIFICATION

- BTech Computer Science and Engineering from Karunya Institute of Technology and Sciences (2024)  
Karunya University, Coimbatore, Tamil Nadu
- Plus Two from Darsana HSS, Kerala (2020)
- SSLC from Vimala English Vidyalaya, CBSE, Kerala (2018)

## PROJECTS

- Front-End Web Page: Motor Driving School Webpage - Developed a user-friendly web page for a Motor Driving School. Utilized HTML, CSS, and JavaScript to create an engaging and visually appealing interface, enhancing user experience and accessibility.
- Machine Learning: Facial Expression Recognition on Occluded Faces - Designed and implemented a machine learning model for facial expression recognition on occluded faces, leveraging convolutional neural networks to achieve accurate emotion detection. Utilized data augmentation and pre-trained models to improve performance under challenging conditions, such as partial face occlusion.
