TRAININGS AND CERTIFICATIONS

Certifications

Highfield level 3 Award in HACCP for Food Manufacturing (HAC7573730)

[17,sep, 2023]

After becoming HACCP Level 3 certified by Highfield UK, I have gained a comprehensive understanding of Hazard Analysis and Critical Control Points (HACCP) principles and implementation. Additionally, I have learned how to effectively assess, develop, and manage food safety management systems, ensuring the highest standards of food safety and hygiene in the industry.

Food Safety: Industrial Applications, challenges and solutions. Certificate by International Food Business Consultancy [17 Mar 2023 – 18 Mar 2023]

The Food Safety: Industrial Applications, Challenges, and Solutions certificate by IFBC provided me valuable insights into best practices and advanced techniques in food safety management for industrial settings. Participants gain expertise in addressing challenges and implementing effective solutions to ensure the highest standards of food safety in the food industry.

Advanced Diploma in Halal, Food Safety and Audits. (Minhaj University Lahore Pakistan) [May 2022]

The Advanced Diploma in Food Safety and Audits offered by Minhaj University Lahore Pakistan equipped me with in-depth knowledge of food safety regulations and auditing procedures.

I was able to understand rules of Halal slaughtering and Guidelines for Halal Production. I gained practical skills in conducting comprehensive food safety audits, risk assessments, and implementing corrective actions to uphold public health and safety.
