## EDUCATION

**ALLAMA IQBAL OPEN UNIVERSITY,  
ISLAMABAD**

JUNE 2013 → SEP  
2015

MASS COMMUNICATION

**HIGHER SECONDARY SCHOOL**

SEP 2006 → JUNE  
2008

PRE-ENGINEERING

Govt.Post Graduate College Chakwal

**MATRICULATION (SCIENCE)**

SEP 2002 → SEP 2004

Jinnah public High School, Chakwal

**MEDICAL LAB TECHNICIAN**

NOV 2014 → FEB  
2017

Punjab Medical Faculty, Lahore

**DIPLOMA IN COMPUTER APPLICATIONS**

JULY 2009 → FEB  
2010

Govt.Vocational Training Institute,Chakwal

## LICENSES AND CERTIFICATIONS

Dubai Health Authority  
Eligibility Letter  
DHA Unique ID. 75452174

DEC 2023 TO DEC  
2024

Council Of Allied Health Sciences, Pakistan

DEC 2017 TO DEC  
2025

## WORK EXPERIENCE

### **FS LAB SERVICES, CHAKWAL,PUNJAB,PAKISTAN**

2016 → 2017

#### **Junior Technician**

The primary areas of responsibility within the lab would be receiving and processing the clinical samples of their individual respective departments Hematology,Blood chemistry, Immunology,Microbiology,Special chemistry, Phlebotomy,Blood bank,Urine analysis,Elisa,PCR

#### **EXPOSURE TOWARDS INSTRUMENTS**

Mindray BC 5150 and sysmex hematology analyzer.

selectra pro m chemistry analyzer.

cepheid for PCR

Medonic hematology analyzer.

Selectra Pro M chemistry analyzer.

Beckman coulter AU-480 chemistry analyzer.

Optilion electrolyte analyzer.

COBAS C111 routine chemistry analyzer.

COBAS e 411 analyser.(fully automated immunoassay analyzer).

BIOBAS for coagulation profile.

Nefletron for serology quantitative tests.

Vidas immunoassay analyzer.

Cepheid PCR fully automated machine.

Vesmatic machine for ESR random.

Microlab 300 routine chemistry analyzer.

Elecsys 2010 .(fully automated immunoassay analyzer).

Medicubes software for preparing and typing reports

### **WAZIRABAD INSTITUTE OF CARDIOLOGY (500 BEDDED) (TERTIARY CARE), WAZIRABAD,**

2018 → 2019

#### **Lab Technician**

Maintenance and processing of QC calibrators,routine sample on respective instruments.Calibrations of analytes and analysis of quality control QC samples.Maintaining records of calibration and QC data.Plotting and making L J graphs of clinical chemistry for PCC1 and PCC2.Daily completion of log books,maintenance sheets and temperature logs wherever applicable.Perform tests as per the prescribed standard operating procedures (SOP).Registration of samples if required.Understand appropriate specimen collection,handling and transport.Microbiology skills:aseptic and sterile techniques optical microscopy bacterial staining ,plating methods (streak ,spread ,pour replica) enumeration and identification of bacteria use of biological safety cabinets

### **DISTRICT HEAD QUARTERS, HOSPITAL (205 BEDDED) CHAKWAL**

2019 → Present

#### **Lab Technician**

Organise and worked in blood bank.

Perform blood groups, screening , cross match and Donor bleed.

Worked as a frontline healthworker in Covid-19 and take swab samples of covid patients for covid PCR test.Performing duty as a lab

technician.Including hematology,Serology, Urine

analysis,Parasitology,chemical pathology,microbiology,Elisa

Make slides of sputum samples and ZN stain for detect AFB.

Perform PCR for MTB and XDR on cepheid.
