## EXPERIENCE

**Electrical design and drafting.**

**2023**

I have done two months real time training in electrical design and drafting in a reputed institution called KG MECH.

**Appen AI BASED COMPANY**

**2021-2022**

I did work in Appen as a social media evaluator and also i worked as tele caller. My work was used to deduct fake news and give comments on it and I work as an independent contractor. I used to do work remotely.

**During my intermediate studies I worked more than 4+ years in phones sales in my home country (India)**

**Solar installation work done.**

**I have CCTV CAMERAS INSTALLATION SKILL.**

## EDUCATION

**Osmania University 2019-2023**

B.E in electrical and electronics engineering. I graduated with a bachelor degree in EEE from Deccan college of engineering and technology.

## SKILLS SUMMARY

Design Process  78 %

Project Management  81 %
