Dubai, United Arab Emirates

Passport No: P1438686

shahirc8281@gmail.com

[www.linkedin.com/in/shahir-c-0056a1152/](http://www.linkedin.com/in/shahir-c-0056a1152/)

I trained under the WHO and USP guidelines in compliance with cGMP and cGLP for the past 4 years in QC Microbiology. During this short span of my career, I have attended Facility Qualification, Process Qualification, SOP Curation for Instruments, Analytical Method Validation, Load Pattern Preparation, Validation for Autoclaves, Quality Risk Management and Assessment Documentation and Involved in USFDA, WHO Audits & Team Shift Work Planning .

## TECHNICAL SKILLS

Preservative Efficacy Test	MLT Method Validation	Microbial Identification
Bioburden testing of water	Biological Indicator testing	Growth Promotion Test
Media Preparation	Water sampling & Analysis	Allergen test (ELISA)
Neutralization verification	Disinfectant Efficacy Test	Calibration of Instruments
Requalification & Validation	Environmental Monitoring	Deviation, OOS & OOC
Hold time Study	Daily monitoring	Cleaning validation
Laboratory incident	Method validation	Culture vial preparation
KPI preparation	Monthly schedule preparation	Documentation
COA preparation	Water activity	Preventive maintenance
Time Management	Organization skills	Work Planning & allotment

## EQUIPMENT SKILLS

Microfiltration systems	Ultra Sonicator system	Water Activity meter
pH Meter	UV -Vis Spectrophotometer	Autoclave (Machin Fabrik)
Millipore Mas 100 NT	Compressed Air sampler	ELISA reader
Microscope	Laminar Air flow	Colony counter

## SOFTWARE SKILLS

CaliberLIMS   SAP   Nichelon   IC DAS DAAS4.1   DMS   MS Excel   MS word

## EDUCATION / DATE OF GRADUATION

PGDM. Biopharmaceutical technology / (2018 - 2019)

Karnataka Government ITs Biotechnology skill enhancement programme.

MSc. Biotechnology / (2015 - 2017)

Bharathiar University

BSc. Biotechnology / (2012 - 2015)

Calicut University

## WORK HISTORY

*The Himalaya Wellness Company..*

Quality Control Microbiologist / (April 2022 - September 2023)

- MLT of Finished Goods, Raw material, Packing material, Bulk and Stability samples ,
- Environmental Monitoring water sampling and water analysis.
- Media preparation and GPT,
- Allergen test by ELISA method .
- Handling of OOS samples.

*Recipharm Pharmservices pvt ltd.*

Junior Executive (QC-Microbiology) / (December 2019 - April 2022)

- Handling AET testing, MLT Method Validation Neutralization verifications, Water activity test & EM monitoring.
- Handling stability study protocols and customer invoices for Test protocols.
- Shift planning, work distribution and allotment in the absence of a Team lead.
- As an Experienced person, I train new employees to be able to work independently
- Routinely worked in CaliberLIMS, Nichelson and DAAS 4.1 software.

*Sami labs pvt ltd.*

Intern (R&D on probiotic bacteria ) / ( May 2018 – October 2018)

- Done an internship project on probiotic bacteria isolated from dairy products.
- Trained Under and expertise in the concepts of current Good Manufacturing Practices (cGMP), Good Documentation Practices (GDP) and Standard Operating Procedures of the unit.

## PROFESSIONAL QUALIFICATION

- Qualified HACCP level 3 for food manufacturing( *High field* ).
- Trained for Cytoflex flow cytometry( Beckmen coulter).
- Trained for food and water testing.( Corevallyies herbal solution).
- Trained for the Molecular biology techniques ( Center for bioscience and Nanoscience coimbatore).
